STAT

2. As you are aware, the Subcommittee has been tasked to make a substantial contribution to our efforts in support of the President's security countermeasures initiatives. They are now in the process of analyzing responses from all departments and agencies to NSDD-197. The primary purpose of the  session will be to develop a concrete plan of action to upgrade security awareness throughout the government. They will also initiate planning for the 1987 Security Educator's Seminar, to be held this fall. Food and lodging are provided without charge.

STAT

3. This is the one chance during the year for Subcommittee members to meet for an extended period. Last year's session was very beneficial, particularly due to almost 100% participation by member agencies. If you have any questions, please call Dr. John Miller, Chairman, SAES at (804) 275-4756.
